

Ecomix Terminal

The ideal connection of a PC to a PMA scale. By communicating with a PC located outside the mixing room, the Sartorius EcoMix terminal shows all relevant formulation data on-screen.

- Allows viewing of all relevant formulation data on the EcoMix screen using paint-mixing software installed on your PC
- EcoMix connects every Sartorius PMA scale to any commercially available PC
- Up to 1,200 meters (4,000 ft.) of cabling for connecting the PC
- Easy installation
- Especially designed for tough ambient conditions
- Keyboard and housing of the EcoMix terminal are solvent-resistant for easy cleaning
- Easy-to-read, backlit ¼ monochrome EcoMix display
- Expands the capabilities of the PMA scale by adding numerous new and useful functions

Specifications

Power requirements	230 V or 115 V
