Information Letter

ECR 16982: Packaging Rebranding: Overpouches

Dear Valued Customer,

Introduction

At Sartorius, we strive to continuously improve our products and services to meet your expectations. Our mission is to help simplify and accelerate your progress so that more treatments can reach patients faster.

This information letter is to inform you about the removal of the Sartorius logo from all our overpouches.

Change Description:

The Sartorius logo will be removed from all our overpouches to shorten the supplier manufacturing time. This logo is currently printed on overpouches (primary packaging).

Before	After
	Same overpouches without the Sartorius logo.

This change has no effect on the finished products.
There is no change of material or supplier. Therefore, claims for the materials remain unchanged.

Impacted Finished Products

All finished products are impacted by this change.

Change Implementation

This change is controlled internally according to our change management procedures.

Because Sartorius cares about the environment, we will first use up our stock of overpouches that carry the Sartorius logo. This means that you will see the change occurs gradually as current stock is depleted.

We thank you for your trust and continuing use of Sartorius products.

Sincerely,

Clémence Martino
Advanced Project Leader Product Maintenance
